

TRANSCUBE STANDBY 2,388 US GALLONS

All of the flexibility and features of the TransCube Global, but in a larger capacity. The TransCube Standby range is for stationary use only and is ideal for static auxiliary applications.

FEATURES

ACCESS MANWAY

Allows access to inner tank for easy routine maintenance and inspection.

LOCKABLE EQUIPMENT CABINET

Equipment and ports are secure and spills are contained. Secure hose access enables fueling while cabinet is locked.

GALVANIZED FRAME

Strong, durable and secure structure with added protection from bumps, scratches and dings.

CORNER BRACKETS

Liftable by crane and easily stackable: two high full and three high empty.

DOUBLE WALLED

110% CONTAINMENT

Built-in, weatherproof secondary containment eliminates the need for pans or basins.

FOUR WAY FORKLIFT POCKETS

Quick and easy maneuvering and mobility.

IDEAL USES AND APPLICATIONS

GENERATOR AND AUXILIARY EQUIPMENT

The TransCube Standby can deliver a constant supply of diesel for up to three engines, increasing efficiency and longer run times for portable generators, ground heaters, compressors and more.

ONSITE FUEL SUPPLY

Keep bulk fuel strategically located on-site to refuel equipment without waiting for fuel deliveries
